

BUS POWER SUPPLY DALI2

FABDA2

Taric 9405114090

Certifications

Functional Specifications

- Central power supply
- Supply: 120-240Vac 50/60Hz
- Maintained mode consumption: 5,3 W
- Battery: 6.4V-1.5Ah LFP
- Charging time: 24 h

Mechanical and Aesthetic Specifications

- Insulation: Class II
- IP20
- Working temperature: -20 / 55 °C

BUS POWER SUPPLY DALI2 FABDA2

Installation characteristics

Input Power supply: 120-240V AC 50/60Hz
Output Power Supply: 12-20.5V DC
Consumption: 5.3W
Mounting: DIN rail

Operating characteristics

Includes a test button that allows retrieving the MAX transmission or turning off the transmission (short press) and testing the connected luminaires (long press)
Suitable for powering a complete DALI2 line with 64 standard DALI2 luminaires

Weight (kg)

Product weight:
0.05 kg
Boxed product weight:
0.06 kg
